ST. LUKE'S CHURCH NOTES  
Rev. A. S. Farrington, R.A., Rector

Services Sunday, October 14th:

Sunday School at 10 a.m. in the church.

Morning service at 11 o'clock.

Bill Carter, the wandering minstrel, blew into Blairmore on Sunday with his old fiddle and tin whistles. He was a guest at the Comopolitan hotel. He has been to Victoria and played at the Pacific coast exhibition at Vancouver. He has been touring Canada for the past five years and keeps moving all the time.

## REMAINS OF DR. HARWOOD LAID TO REST, PINCHER CREEK

PINCHER CREEK, Oct. 4.—Funeral services for the late Dr. R. W. Harwood, D.L.S., pastor of St. Michael's church at 10.30 Wednesday morning with choral high Requiem mass and prayers. Rev. Father Panhaleux, O.M.I., was assisted in the service by Rev. Fr. Simmon and Rev. Fr. O'Dea, of Cowley. H. Drew sang "O Paradise." Windows and parts of the church were draped in black. The church was thronged and a large cortege followed the remains to St. Michael's R.C. cemetery. Those who bore the bier were A. Crook, F. Austen, T. Pelletie, J. H. Jackson, F. C. Lynch-Staunton and O. Cameron.

The late R. W. Harwood, M.Sc., Ph.D., was born in Pincher Creek and received his public and high school training here. He then attended the University of Alberta, where he graduated with his Master of Science. From Alberta he went to McGill, where he obtained his Ph.D. in science, specializing in biochemistry. He spent one year in charge of the analytic work at the Royal Victoria and later did special research work in the department of biochemistry at McGill. At McGill he was awarded the Jane Alexander scholarship for his brilliant work. In June of this year, Dr. Harwood came home for his holidays and was taken sick shortly afterwards and on July 21 he went to Holy Cross hospital, Calgary, and placed himself under the care of Dr. McEachern and Dr. McCalla, who diagnosed his case as Hodgkin's disease. On September 30, at 32 years, he passed away in the beginning of a career bright with promise, and his untimely death has cast a gloom over the community, where as a boy and youth his kindly, helpful disposition endeared him to all.

G. E. Cruickshank, M.L.A., Hillcrest, succeeds Ralph Wilson, of Calgary, as president of the Alberta branch of the Amateur Athletic Union of Canada, being elected to office at the annual meeting held at Banff on Thanksgiving Day.

## THE NEW MODERATOR

The new moderator of the United church of Canada, the Rev. Richard Roberts, D.D., pastor of Sherbourne church, Toronto, is well known throughout the English-speaking world as a student of keen mind and a preacher of rare gifts and influence. Born in Wales, a son of the manse, he was educated at Liverpool and at the University of Wales, and rendered his first service for the church in the coalfields of South Wales. He filled three pastorate in London, being minister first of a Welsh church in that city and later of two English Presbyterian churches. He came to this continent in 1917 as minister of the Pilgrim church, Brooklyn, N.Y., and in 1921 became pastor of the American Presbyterian church, Montreal. In 1925, the year that church union was consummated, he became pastor of Sherbourne church, which position he has since filled with acceptance and great effectiveness.

Dr. Roberts is a typical Welshman in the mystical quality of his thought and in the fervor and passion of his preaching. Not every good preacher is attractive and appealing when reduced to cold type, but the new moderator certainly is, as his contributions to the periodical press make very clear. For years now he has been a regular contributor to the columns of The New Outlook, and no material appearing in its pages is more appreciated or more widely read. Dr. Roberts is the author of many books, that have had circulation around the world. He has been in great demand as special preacher and lecturer, but in recent years he has devoted himself largely to the very responsible and arduous duties of his own church. Dr. Roberts married in 1902 Miss Ann Catherine Thomas, of Anglesea, Wales. Their three daughters are married to ministers of The United church of Canada one being Mrs. W. H. Norman, of Japan. The new moderator made a visit to Japan last summer, and one of the distinguished services he has rendered the church has resulted from that visit in the many addresses he has delivered, descriptive of the island kingdom and the work of the church there.

The new moderator comes into his responsible office with the hearty and enthusiastic good-will of the church. In his own unique way, and with the special gifts which are his, it is believed that he will render, not only his own church, but the cause of religion throughout the whole community, very signal service during the next two years.—New Outlook.

## BLAIRMORE PUBLIC LIBRARY

Books being placed on the shelves and available for Saturday, October 13th, are as follows:

"River and Forest," Edward S. Ellis; "Doctor Luke of the Labrador," Norman Duncan; "The Daredevil," Maria Thompson Davies; "The Final Count," Sapper; "The Curtain of Steel," A.; "Behind that Curtain," Earl Derr Biggers; "The Brown Mouse," Herbert Quick.

The Library hours are Tuesdays, Thursdays and Saturdays from 7 to 9 p.m. The fees are \$1.00 for residents and \$2.00 for non-residents per year. Non-resident students attending the Blairmore high school admitted under resident membership fee of \$1.00 per year.

Eleven-year-old Crown Prince Peter succeeded to the Yugoslaviana throne with the death of his father, King Alexander.

Weekly newspaper men are extending to George Gordon, of the Ponoka Herald, and Mrs. Gordon, their hearty congratulations on the 40th anniversary of their marriage on September 25th. Commenting on the important event, the Red Deer Advocate concludes with: "Lang may their lum rock."

## FORMER BELLEVUE CITIZEN MARRIES AT CRANBROOK

A bright October sun smiled with benign favor on a wedding of interest to many in the district last Monday, when Hester, daughter of Mr. and Mrs. Laurence Croot, of this city, became the bride of Mr. Harold Blinston, son of Mr. and Mrs. Wm. Blinston, also of Cranbrook. The ceremony took place at Christ Anglican church at 1 p.m., Rev. F. V. Harrison officiating.

The bride, entering the church on the arm of her father, who gave her in marriage, looked lovely indeed in her gown of white velvet, with hat to match, trimmed with sprig of orange blossom and rose veil. Gloves and pumps of white kid completed her attire. She carried a beautiful bouquet of bronze mums. Mrs. C. Johnson, sister of the groom, was matron of honor, and looked very becoming in dress of blue silk crepe with accessories of grey, and carried pink carnations. Mrs. Croot, mother of the bride, wore silk dress of rust shade with accessories in brown, while Mrs. W. Blinston chose dress of blue silk, with black accessories.

Mr. Harry Croot, brother of the bride, supported the groom. Mrs. B. W. Edmonston officiated as organist, and Mr. Norman Hall was usher.

The church formed a delightful setting for the impressive ceremony, with its tasteful decorations of yellow and white mums, autumn leaves and arch of cedar boughs.

During the signing of the register, Mrs. Chas. Harrison, aunt of the bride, sang in sweet voice. She chose as her offering "Because."

Following the service, the wedding party proceeded to the home of the bride's parents, Armstrong avenue, where some fifty guests sat down to a wedding breakfast. The house was tastefully decorated with pink and white streamers and wedding bells. The table was centered by a handsome three-tiered wedding cake, and vases of pink and white carnations graced the festive board. During the repast, Rev. Mr. Harrison proposed the toast to the bride, to which the groom suitably responded. Those assisting as servitors were Miss Mac Kennedy, Miss Lou Robertson, Miss Florence Finlay and Miss Elizabeth Miller.

Later in the afternoon, the happy couple left by automobile on a honeymoon trip to Calgary and intermediate points. For her going away attire, the bride chose dress of blue silk crepe, with grey lapin jacket, and hat and accessories to match. Showers of confetti, rice and good wishes followed the couple on their departure.

A handsome array of many beautiful and useful gifts testified to the popularity and esteem in which the bridal couple are held in the district, the bride having been teacher at the Meadowbrook school, in the Kimberley district, for the past several years.

Following the honeymoon, Mr. and Mrs. Blinston will make their home in Cranbrook.

Out of town guests present for the ceremony and reception were Mrs. L. Couzens, Mrs. J. Couzens, Miss Ruby Couzens, Mr. and Mrs. C. W. Johnson, Mr. R. T. Johnson and Mr. H. Mark, all of Bellevue, Alberta, and Mrs. F. Woolley, Mrs. J. Kirkup and Mr. W. Evans, of Kimberley.

## REV. A. K. McMINN UNITED CHURCH GUEST

The anniversary and pioneer service of Central United church will be held on Sunday, October 21st, at 7.30 p.m. The guest preacher for the occasion will be Rev. A. K. McMin. Special music will be rendered by the Moser String Quartette and by Mr. Roy Upton. Mrs. G. Steeves will also contribute to the worship with a vocal solo. All are welcome.

Mr. Gilroy, auditor for Distributors Limited, was in town this week.

## C. N. PASS MUSICAL FESTIVAL

The programmes for the 1934 Crows' Nest Pass Musical Festival will be off The Enterprise presses in the course of the next few days. We are informed by Mrs. Farmer, secretary, that entries for the festival exceed any previous year, due no doubt to the fact that a larger territory has been taken in.

Two additional cups have been placed in competition, one by the family of the late Frank J. Smith, for six years secretary of the festival committee; and one by W. J. Harris, of Coleman, the latter being for the open violin competitions, while the Smith cup will be open for competition by all previous medalists in the open vocal solo class of the festival.

The festival dates are Thursday, Friday and Saturday, October the 25th, 26th and 27th.

## NEW FOOTPATH TO WEST COLEMAN WILL MINIMIZE RISKS

With the closing of the C.P.R. track to pedestrian traffic between town and West Coleman, sanction was obtained by the council from Supt. Ruthven, of Lethbridge, to lay out a footpath on the inside of the railway company's fence around the rock bluff, and the portion of the roadway which will be used by pedestrians beyond the C.P.R. right-of-way will be protected by a concrete curb. It will now be possible for people to walk almost from the post-office to West Coleman by the new path, a convenience which will minimize the possibilities of being run down by automobiles.—Coleman Journal.

Angus Huchala suffered severe gashes about the head and face when a car, in which he was passenger, collided with a telephone pole a short distance east of Coleman on Sunday morning.

## BLAIRMORE UNITED CHURCH Rev. Albert E. Larke, Minister

"Serve the Church that the Church May Serve You."

Services Sunday, October 14th, the minister in charge.

11 a.m.—SENIOR SCHOOL.

2 p.m.—JUNIOR SCHOOL.

7.30 p.m.—PUBLIC WORSHIP.

The rally day service of the Sunday school will be held on Sunday next at 7.30. A costumed pageant, "Sunday Schools Around the World," will be put on by the Vici C.G.L.T. group. Encourage the work being carried on in the Sunday school by your presence.

The senior Sunday school will meet at 11 a.m., as usual, next Sunday.

Groups are now actively at work for the boys and girls. The following are the groups. (Age given in approximate):

Boys—  
Wednesday, 4.30 p.m., Explorers, ages 9 to 11. Leaders: A. E. Larke and A. E. Ferguson.

Monday, 7 p.m., Intermediate Trail Rangers, ages 12 and 13. Leaders: F. Hottle, A. Williams and Roland Pinkney.

Thursday, 4.30 p.m., senior Trail Rangers, ages 13 to 15. Leaders: Will Dunkley and W. Tiberg.

Friday, 6.30 p.m., Young Men's Club, ages 17 and over. Leaders: A. E. Larke and D. Macpherson.

Girls—

Tuesday, 4.30 p.m., Golden Keys, ages 9 to 11. Leader: Mrs. Warner.

Tuesday, 7 p.m., Junior C.G.L.T., ages 12 to 14. Leaders: Miss Newman, Mrs. Macpherson and Mrs. A. May.

Thursday, 7.30 p.m., Intermediate C.G.L.T., ages 14 to 16. Leader: Miss L. Knagman.

Wednesday, 7.30 p.m., Senior C.G.L.T., ages 17 and over. Leader: Mrs. M. Chardon.

## A MORNING WITH M.E. CONOMY

8 a.m. She makes up the children's lunches, "I wrap the sandwiches in Pam-Sun Heavy Wrapping Paper," she says, "because I know that Pam-Sun will keep them fresh. In fact, I use Pam-Sun from the oven box a dozen times each day for baby cake pans, kept very clean and preventing food bacteria and germs."

9 a.m. She starts her duties—but she no longer uses daily dusting. She uses Wonder Paper, which does dusting, cleaning and polishing all in one simple operation. Wonder Paper is among her most recent discoveries. "It saves so much time," she says, "and keeps my furniture brilliant all the time."

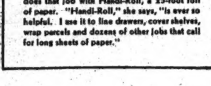

10 a.m. Mrs. E. Conomy, while at her kitchen table, needs a sheet of waxed time to save an upward jump in. Presto-Pack, a clever pack of waxed time that hangs on the wall and yields one sheet at a time, delivers the sheet handy to her and she holds it on with an elastic band. Presto-Pack time has a hundred uses.

11 a.m. She prepares carrots and onions for her husband. But she doesn't use two porkers worth each vegetable in. Canapar Carrot and Onion Powder is her secret. Canapar makes carrots and onions so soft and tender that they are a joy to eat. Canapar also makes carrots and onions so soft and tender that they are a joy to eat. Canapar also makes carrots and onions so soft and tender that they are a joy to eat.

12 a.m. Her shelves stand a 35-foot roll of paper. "Handi-Roll," she says, "is a great help. I use it to line drawers, cover shelves, wrap parcels and do other jobs that call for long sheets of paper."

Appointed to Paris Post

James P. Manion, Assistant Commercial Attaché at Tokyo Is Transferred

James P. Manion, assistant commercial attaché at the Canadian legation at Tokyo and son of Hon. R. J. Manion, minister of railways, has been transferred to the legation in France and will leave for Paris this month.

He expects to take up his duties similar to those he has had in Tokyo.

"Jim" has taken an active interest in the ice hockey tournaments arranged by teams by the Tokyo and Yokohama Canadians with the Japanese college teams, the work of the Canadian association, for which he has acted as honorary secretary-treasurer this year, and other activities in the life of Canadians here. He has been exceptionally popular in the foreign community and has made a host of Japanese friends as well.

## THE TENDERFOOT

By GEORGE R. RODNEY  
Author of "The Colorado Trail",  
"The Canyon Trail", Etc.

### SYNOPSIS

"You've fallen heir to a half-share in plenty of trouble," the lawyer told Gerald Kane. "The Broken Spur has been systematically looting the ranch, and old Joe Carr, your partner, is drinking himself into ruin."

But Kane decided to go on what was happening for himself—not as Gerald Kane, half owner of the Hour-Glass Ranch, but as Duro Stone, tenderfoot in a Montgomery Ward without outfit.

Dad Kane, desert rat and luckless prospector till now, is returning to tell Dustin and Spike Goddard, owners of the Broken Spur ranch, who had grubstaked him, of his discovery of a rich gold mine, and shows samples of the ore. He sees Broken Spur men rustling Hour-Glass cattle and protests against it.

(Now Go On With The Story)

### CHAPTER II.—Continued

For a moment silence held both men. They knew the old foolish legend of the Mother Lode and they knew, too, that old desert rats like old Kane, believed in it while vigorously protesting their disbelief; that foolish old tale that says that all gold is fermented and thrown out from a central body as the human heart sends blood to the distant parts of the body and that the tiny veins gold, if found and traced back to their origin, will lead to the great Mother Lode where gold is made.

"Mother Lode hell," quoth Dustin hotly. "Where'd you find this? Is it far from here?"

"Four days' travel even with them trained asses of mine. Ever read your Bible, Dustin? It's a sure word read in. There's a lot of good read in the Bible. It tells about a fellow named Saul. He was a peach, too. He was a kind of a prospector name as me. I burros got loose same as mine done. He went to trail 'em and he found a kingdom. I done the same. Mine got loose an I folloed 'em up Red Water canon. . . . Look here."

He fished furtively in his pocket, withdrew his hand and swore wildly. Then he slapped every pocket.

"I've done, lost it," he said hoarsely. "I put down all the directions in my notebook of course. It don't make much difference. I can find back there at night if I have to but I don't like to lose a notebook that tells about it all. I know I had it just before I seen Gray an' Corse with the wagon."

"Maybe they found it," suggested Dustin.

"It won't help 'em none if they did, I reckon. But I'd sure like to have it back. It's got all my accounts with you gentlemen in it. It was up Red Water canon I said. . . ."

"That's on Hour-glass land," said Dustin fiercely.

"Who knows it if I don't? That was when I seen the wagon. I was comin' back from huntin' my stray burros when I stumbled on a piece of good lookin' float. I put it in my pocket and went back to trace the vein. I found the vein on the hillside and located it and come back. I was aimin' to build me a fire and roast the ore to see what it was like. I had made all the entries in my notebook like I always do. Then as I come over the ridge I seen the smoke and the wagon and then I seen the Broken Spur men at work on the Hour-glass cattle. They left and I made my camp in the bottom. Then I went back and looked into the matter of the vein. I got out two little sacks of ore. I'll assay two bushes and to the ton or I'm a Mormon."

"Huh! You've been spendin' a lot of time locatin' a gold mine for old man Carr on the Hour-glass land," said Dustin sneeringly. "A minute you were accusin' us of stealin' the Hour-glass cattle. Now you're locatin' a gold mine on the same land. . . ."

"Minerals is different," said Kane hotly. "You know that. Even a cow-puncher knows that. This is a mine! Any man in the West knows mine's law. The man who finds a vein of ore kin foller it even under patented land. The only thing is the other man mustn't find it first. I've

## ASK YOUR DOCTOR FIRST, MOTHER

Before You Give Your Child an Unknown Remedy to Take

Every day, unthinkingly, mothers take the advice of unqualified persons instead of their doctors—on remedies for their children. If they knew what the scientists know, they would never take this chance.

### Doctors Say PHILLIPS' Milk of Magnesia

When it comes to the frequently-used "milk of magnesia," doctors, for over 50 years, have said "PHILLIPS' Milk of Magnesia"—the safe remedy for your child.

Remember this—And Always Say "PHILLIPS' Milk of Magnesia." When your child deserves it, for your own peace of mind, see that you get it—Genuine Phillips' Milk of Magnesia.

### Also in Tablet Form

Phillips' Milk of Magnesia Tablets are now on sale at all drug stores everywhere. Each box contains the equivalent of a traditional bottle of Phillips' Milk of Magnesia.

### PHILLIPS' Milk of Magnesia

MADE IN CANADA

only got to prove that I was the first to find it."

Dustin nodded and Spike too. They knew that anomaly of law that is not justice at all times.

"All the same," said Dustin, "it makes a difference. If Gray and Corse steal a few cattle, that's one thing. If you aim to steal a whole hillside full of gold that's different. That's finance."

Kane swore gustily.

"Hour-glass or no Hour-glass," he said hotly, "I found the vein. I mean to foller that lead if it takes me plumb in to hell and I have to part with sulphur water hot from hell."

"Old man Carr may be wimpy to sell the mineral rights," said Goddard sarcastically.

"Don't be a fool. . . . Dustin's face was grave. The minute you ask Carr about selling mineral rights, you as good as tell him you've got. He wouldn't sell us a cup of water to keep us from dyin' of thirst. Of course there's a way to get 'em. In fact, I can think of two ways right now. We've got to get those mineral rights and get 'em quick before the Hour-glass finds out about 'em."

"Joe Carr don't even suspect any ore on his land," said Kane.

"So much the better," quoth Dustin curiously. "You go on into the kitchen and get your supper, Dad," he said heartily. "We'll talk it over later. . . ."

He held his partner by the sleeve till old Kane disappeared into the kitchen. "Come on into the office, Spike," he said curiously. "I want to talk this over with you before old Dad gets back."

Spike nodded, shouted to the cook to bring some coffee to them in the office and followed Dustin into the room and closed the door.

### CHAPTER III

The moment the office-door closed, Dustin turned sharply on his partner. It was at once clear that Dustin was the dominant personality. He might defer at times to Spike because of that worthy's virulent tongue when aroused to speech but Spike's attitude showed that he was dominated and controlled by his partner.

"We've got to do something and do it quick," said Dustin. "Old Dad Kane is bound to talk. He just can't help it. And if once word gets out that he's found rich ore even on Hour-glass land, there'll sure be hell to pay. Red Water canon is clearly on the Hour-glass land. I wish the old fool hadn't told that note-book. I'm afraid to ask Gray and Corse about it. They'd double cross us in a second if they got wind of a find like this the old fool's made."

"Think old man Carr would sell if he's properly approached?" suggested Spike.

"Huh. Would you sell if you were in his place? That's the answer. Even to mention the possibility of buyin' the rights from him would make him post the ranch against trespassers. Where'd we be then? I'm not worryin' much about old

Carr. I got him as good as sewed up in a sack with head and feet stickin' out. It's bigger than Carr, I'm aimin' at."

"Huh. You talk like a fool," said Spike sharply. "How kin you say you got old Carr sewed up in a sack when you dasset even tie your pony to his tie-stick when you want to see his red-headed girl of his? You got the owner of the Hour-glass dead to rights? Huh. You make out to ride down to Seec to git the mail when there ain't no mail just 'cause you got that red-headed girl of his at that red-headed Edith Carr. You make me tired."

For just one brief moment Spike Goddard stood on the bare edge of red tragedy. He saw in his partner's eyes such a glow of utter hate that he fairly shrank back at what he saw. For a half minute Dustin stared at him fiercely; then he laughed. Spike drew a breath of relief.

"No lookin' at me like you want to kill me," he said awkwardly. "I'm only tellin' you what all the Valley knows."

"About what, you damned fool?" snapped Dustin. "Of course old Joe Carr and I did have a row some three years ago. That was when your damned clumsiness got you caught messin' up with his cows. If I want to tie my horse to the Hour-glass tie-rack, I'll ask no man's permission. Get that? Put that in your pipe and smoke it."

"You will like hell," snarled Spike. "You'd be as welcome there as a rattler in a prairie dog's hole. . . ."

"That was just the one remark needed. Dustin exploded."

"And any time I happen to want Edith Carr, she'll come to heel and mind what I say and don't you forget it. . . ."

"I hear you. I heard a lot of things I don't believe. That suit that you started over Soda Springs ain't any invitation to dinner at the Hour-glass."

"All right. Don't believe me then. There's more ways to reach a git than by gettin' an neckin' as that git call it now."

"I hear you. . . ."

(To Be Continued)

## THE RHYMING OPTIMIST

By Aline Michaelis

### WITH ULYSSES

Each heart must with Ulysses share the urge Which bade him wander on by sea And land.

For everyone, sometimes, would leave And all the certitude of peace and home To answer to the lure which distance lends, Across the lifting waves, the tossing foam.

But years slip by, old scenes return once more, To memory, painted fairer than the truth: Penelope beside her open door And all that lost and lovely realm of youth!

Then each escapes from Circe's lying vows And hastens back, beside his hearth to drowse.

### Announcing New Discovery

Daughter Of Late Madame Curie Has Formulas for synthetic radium will be officially announced by Mme. Irene Curie-Joliot, daughter of Mme. Pierre Curie, at the scientific conference at Cambridge, England, it was reported in Paris.

Mme. Curie-Joliot and her husband, Dr. Frederic Joliot, have been carrying out experiments in close secrecy for a number of months. It was added. Recently they were said to have been engaged in perfecting their discovery following early successes last July.

The "Petit Journal" said that Mme. Curie-Joliot is being considered for the Nobel prize, which her late mother won twice.

### No Doubt About It

Weather Man—"Put down rain for a certainty this afternoon." Assistant—"Are you positive, air?" Weather Man—"Yes, indeed. I have lost my umbrella. I'm planning to play golf and my wife's giving a lawn party."

The minister says he doesn't mind members of the congregation pulling out their watches on him, but it gets his goat to have them, put the darn things up to their ears to see if they are going.

Loch Lomond is the largest lake of Scotland, being 23 miles long, and its width varies from five miles to one mile.

## A BATTERY RADIO with Electric-Set PERFORMANCE

Here is the great invention every unwired home has waited for! Real electric set performance—tone quality, distance, and of operation—and no more recharging of batteries!

The Air-Cell Radio will do everything that the finest electric set will do. It has been brought about by the invention of a marvelous new source of power—the EVEREADY Air-Cell "A" Battery. This battery breathes air and re-energizes itself for at least 1000 hours, which at 3 hours a day is almost a year's service in the average household.

Do not confuse the new Air-Cell Radio with the old type battery sets—Air-Cell Radio is new from the ground up—now being built by every leading radio manufacturer specially for Air-Cell performance. Ask your dealer to demonstrate. Your interest will be well repaid.

Little Helps For This Week

"Finally be all of one mind, having compassion one of another, love as brethren, be pitiful and courteous." 1 Peter 3:8.

Make us of one heart and mind: Courteous, pitiful and kind—Lovely, work, in thought and deed. Altogether like our Lord. —C. Wesley.

A little thought will show you how vastly your own happiness depends on the way other people bear themselves toward you. The looks and tones your breakfast table, the conduct of your fellow-workers or employers, the faithful or unreliable men you deal with, what people say to you on the street, the letters you get, the friends or foes you meet, these things make up very largely the pleasure or misery of your day. Turn the lines around, and realize that just so much are you adding to the pleasure or misery of other people's days. And this is the half of work, in thought and deed. —George S. Merriam.

Albert E. Wiggam, writer, says there has been no new type of crime discovered in 8,000 years. Apparently Mr. Wiggam has never heard a saxophonist practicing.

Poet—"But I tell you, I've put my whole mind into this poem." Editor—"And I tell you we're not buying blunder verse."

Remember the pictures below when you want fast relief from pain. Demand and get the method doctors prescribe—Aspirin. Millions have found that Aspirin eases even a bad headache, neuritis or rheumatic pain often in a few minutes!

In the stomach as in the glass here, an Aspirin tablet starts to dissolve, or disintegrate, almost the instant it touches moisture. It begins "taking hold" of your pain

practically as soon as you swallow it. Equally important, Aspirin is safe. For scientific tests show that Aspirin does not harm the heart. Remember these two points: Aspirin Speed and Aspirin Safety. And, see that you get ASPIRIN. It is made in Canada, and all druggists have it. Look for the name Bayer in the form of a cross on every Aspirin tablet. Get 12 tablets or economical bottle of 24 or 100 at any druggist's.

Now Pain Often Relieved in Minutes!

Fourteen sovereigns and 15 presidents are included among Europe's rulers.

## Faster Way Found to Relieve Headaches

Remember the pictures below when you want fast relief from pain. Demand and get the method doctors prescribe—Aspirin. Millions have found that Aspirin eases even a bad headache, neuritis or rheumatic pain often in a few minutes!

In the stomach as in the glass here, an Aspirin tablet starts to dissolve, or disintegrate, almost the instant it touches moisture. It begins "taking hold" of your pain

practically as soon as you swallow it. Equally important, Aspirin is safe. For scientific tests show that Aspirin does not harm the heart. Remember these two points: Aspirin Speed and Aspirin Safety. # A word from the publisher - - - ABOUT Advertising

THE products you see consistently advertised in this paper are worthy of your confidence.

It takes two things to make a consistent advertiser. One is a strong conviction that he has a product that will hold its place in public favor despite competition. The other is actual proof of that... the increasing popularity of his product.

If his product will not stand the test of comparison he would simply be throwing his advertising investment away. If the buying public rejects his product after it has been offered in advertising he has thrown his advertising investment away.

That's why the manufacturer who advertises his merchandise consistently is very sure of his quality...and why you may be sure of it, too.

Read the advertising here in your newspaper . . . it will guide you to the buying of worthy merchandise

Legal notices, 15c per line for first insertion; 12c per line for each subsequent insertion. Display advertising rates on application.

W. J. BARTLETT, PUBLISHER

Blairmore, Alta., Thurs., Oct. 11, 1934

CHARTERED BANKS WILL  
ASSIST NEW INVESTORS  
IN REFUNDING LOAN

For the particular convenience of new investors who wish to subscribe in modest amounts for the bonds of the 1934 Refunding Loan, the chartered banks have agreed with the Dominion Government to loan up to 75% of the par value of bonds purchased with a deposit of \$25; a \$500 bond with a deposit of \$125, and a \$1,000 bond with a deposit of \$250. In each case the balance of payments may be spread over periods up to six months, and the banks will carry the bonds at 4% interest.

Bonds bearing coupons at the rates of 2, 2½, 3 and 3½ percent, respectively, for periods of two, five, eight and fifteen years, are offered for public subscription under the terms of the prospectus of the Dominion of Canada 1934 Refunding Loan, officially announced by the Honorable E. N. Rhodes, minister of finance.

The bonds will be sold at the following prices: 2-year bonds at 98.50 yielding the investor 2.57%; 5-year bonds at 98.15 yielding 2.90%; 8-year bonds at 97.00 yielding 3.43% and the 15-year bonds at 96.50 yielding 3.81%.

The issue is made primarily to provide for the retirement of \$22,216,850 Victory Loan Bonds maturing November 1st; the balance will be used for the general purposes of Canada, including redemption of short-term treasury bills.

Holders of the maturing bonds may tender them in exchange for the new bonds of any maturity and receive immediate allotment. To encourage refunding subscriptions a bonus is given of one-half month's interest, as the new bonds will be dated October 15th and holders of the maturing bonds will be permitted to retain their November first coupons in full when tendering their old bonds in payment of conversion subscriptions. In addition, those who exchange their bonds for the eight or the fifteen-year maturity are granted an added inducement in a premium of one-eighth of one per cent when subscribing for the eight-year bonds, and one quarter of one per cent when subscribing for the fifteen-year bonds. This offer held good only until October 6th, unless subscription lists closed prior to that date. After October 6th, if the lists were still open, the maturing bonds would be taken at par. Holders of maturing bonds will receive payment in cash representing the difference between the cost of the new bonds and the allowance for the old bonds.

Cash subscriptions will also be received, but these will all be subject to

BEAUTIFUL MONUMENTS of cedar, from 8 to 16, carved epitaph. Freight paid—Western Wood Monuments, 10806, 76th St. Edmonton, Alberta. Agent wanted.

allotment, for which the tentative date of October 15th has been set. Upon receiving notice of allotment, cash subscribers will be required to take up their bonds promptly. Bonds will bear interest from October 15th. In order to encourage small investors, fifteen-year bonds will be issued in denominations as low as \$100. Otherwise the denominations will be \$500 and \$1,000.

The two, five and eight-year bonds will be non-callable; the fifteen-year bonds will be subject to call at the option of the Government at par on or after ten years.

The principal of the new bonds will be payable at the head office and branches of the Bank of Canada. This is the first time that the name of the new Central Bank appears in the official prospectus of a Dominion loan and gives recognition to the function which the new institution will have in acting as the fiscal agent of the Dominion. The Government, however, for the convenience of holders throughout the country, will provide for the payment of interest without charge at any branch in Canada of any chartered bank.

The amount of the issue is definitely limited to \$250,000,000. The subscription lists will close on or about the 13th October, at the discretion of the minister of finance.

Whether or not the Orient is preparing for war, the fact remains that China is making a demand on Canada for cavalry and artillery horses, and echoes of this demand have reached Alberta via Ottawa. This province should be able to provide 500 head or so of such war animals, it is believed by those who should know, and a canvass of the situation is now being made in reply to the queries from Ottawa.

Miss Marion B. Carstairs, noted British motorboat racer, whose income is reported to be \$5,000 weekly, has announced that she can no longer live in Great Britain on account of high taxation and the cost of living. Before purchasing an island in the Bahamas, British West Indies, she thought seriously of locating outside the town limits of Blairmore, where she could save everything but school taxes.

Prime Minister R. B. Bennett, before leaving London for Canada yesterday, telegraphed condolences on behalf of Canada to France, grieving for her slain foreign minister, Louis Barthou. Flags were half-masted at the Canada House and at surrounding Canadian business houses in London. It was Barthou, on behalf of France, who signed the recent supplementary Canada-France trade agreement.

Work is progressing rapidly at the Mah Jong oil well on Todd creek. The huge standard derrick has been completed, and drilling operations will shortly commence. Geologists claim that opportunities are excellent for the new company, whose location is in line with the best in Turner Valley. Questioned as to the relative size of the companies operating in that locality, a Todd Creek lady answered: "Mah Jong's the biggest."

Touring the highways and by ways of Great Britain in search of ideas to check the number of accidents, the minister of transport, Hon. Leslie Hore-Bellish, has not been able to evolve many new proposals. Among the recent departures in the effort to curb fatalities are pedestrian crossings. These are marked with zig-zag white lines at busy intersections, and when pedestrians keep to the marked areas, they are fairly safe. However, efforts to confine the London citizens to the marked areas have not been successful. One city in Great Britain—Sunderland—with 150,000 inhabitants, has been able to show a sheet clear of fatalities for 22 weeks. This is attributed by the chief constable to a persistent campaign of safety-first propaganda.

Will the output from Canadian automobile plants ever again reach the height it attained in 1929? That question brings up the pleasing spec-

## HILLCREST HAPPENINGS

G. E. Cruickshank and H. Stobbs were visitors to Lethbridge on Wednesday.

Miss E. Strachan spent the Thanksgiving holiday in Calgary.

A. Warriner, R. Sillocks and Arthur Amblett attended the session of the Alberta Game Protective Association at High River on Saturday.

Mr. and Mrs. J. S. Penn and family, Mrs. Penn and Mr. J. Penn were Lethbridge visitors over the week end.

C. C. Hulley, of Natal, was a visitor here on Monday.

Louis Fumagalli returned from Rochester last week end.

Mr. and Mrs. P. Salt, accompanied by Mr. and Mrs. D. McNeil, motored to Calgary on Friday.

Mr. and Mrs. J. Ironmonger were visitors to Lethbridge last week.

## BELLEVUE HAPPENINGS

Mrs. H. Harrison was a business visitor to Calgary over the week end. The Misses Sutherland, of High River, were holiday guests at the home of their parents here, Mr. and Mrs. Sutherland.

Erna Bogush, who is teaching south of Pincher Creek, spent the week end at her home here.

Charlie and Jim Connors journeyed to Lethbridge on Monday to enter the road race, where Charlie and a Coalhurst boy tied for first place.

Mrs. J. D. McDonald spent Thanksgiving visiting friends in Lethbridge.

Mr. and Mrs. H. Blinston called and spent Thanksgiving day with Mr. and Mrs. C. W. Johnson.

Art Nicol and Kelly Siples, both former employees of the local branch of the Royal Bank of Canada, spent Sunday and Monday in town. Rev. and Mrs. Whitmore, of Pincher Creek, were Bellevue visitors on Tuesday.

A number of local Oddfellows journeyed to Cowley on Tuesday evening to attend the conferring of degrees and social, returning in the wee hours of morning and reporting having had a good time.

Mrs. A. Long, who has spent the past couple of months in England seeking medical aid, returned on Tuesday, much improved in health.

Mrs. F. Wilton, who spent the past week here with friends, returned to her home on Wednesday.

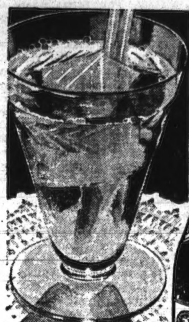

The junior choir under the leadership of Mrs. Upton, are making wonderful progress.

The official opening of the gymnasium took place on Thursday in the form of a double-header basketball game. Hornets won against the Zoomacks, the Ramblers against the Wanderers. Before the second game, Mr. Costick called upon Rev. Mr. Upton, who in a few well chosen words thanked Mr. Christie, the boys and girls and representatives of the West Canadian Collieries present, also Mr. Vissac personally, for their kind support in donating lumber which made the improvement in the gym possible. After the games, coffee and sandwiches were served in the ladies' parlor by the girls of both teams. With Mrs. Upton at the organ, community singing ended a never-to-be-forgotten evening.

Mrs. J. McAndrew accompanied her husband down from Calgary, and is guest here of her daughters, Mrs. A. Goodwin and Mrs. B. Eccleston.

tacle of more than a quarter of a million cars and trucks turned out in the year mentioned, but it also recalls the picture for the succeeding four years; and for 1931, 1932 and 1933, the total all rolled together didn't add up to a quarter of a million. But 1934 will awaken new hopes. At the first of September, according to the Dominion Bureau of Statistics, automobiles produced numbered 109,102, as compared with 50,881 for the same period last year; or as compared with 65,852 for the whole of 1933, 60,789 for the whole of 1932, 82,559 for the whole of 1931, and 153,372 for the whole of 1930. Not within striking distance of the 1930 total, it will be observed, but a great deal better than 1931.

The freighter Canadian Challenger, Canadian National Steamships, is now in the Montreal port, from Australia and New Zealand, with a good cargo consisting of wool, hides, dried fruits, canned pineapple, veneer, sausage casings, grass seed, gelatine, powdered glue and a variety of other products from the Antipodes. The freighter Canadian Victor, C.N.S., which arrived from Australia and New Zealand with a similar cargo to that of the Challenger, left recently for the same Antipodean countries, carrying a heavy cargo, among which are boxed automobiles, newspaper paper, lumber and a considerable quantity of manufactured articles of Canadian origin.

First a shower of champagne, then a ritual of purification and blessing greeted a Chevrolet truck when it rolled off the assembly line at Oshawa, Ontario, recently. The Chevrolet was selected for these special honors because it marked the completion by General Motors Japan, Ltd., of the 70,000th unit in 7 years. In Japan, 7 is regarded as the number particularly favored with good luck. The Oshawa plant has similarly celebrated other important occasions as when it turned out an all gold car, No. 50,000, and a car colored to match the hood, No. 60,000. At the time of the ceremony, a caravan of twenty Chevrolet units was touring central and northeastern Japan. Attendance at the exhibits staged en route was estimated at two million. At Kobe, 63,700 attended the first showing. The caravan comprised all models of passenger cars and various truck models. Included was a handsomely equipped parlor coach, complete with berths, lavatory, shower bath, and other requisites for touring. This conveyance, it is said, greatly interested His Imperial Highness, Prince Chichibu.

## NOT DUMPING WHEAT CLAIMS SELLING AGENCY

Winnipeg.—Until the actual consumers want the wheat, the Canadian government agency will not sell its holdings, declared John I. McFarland, general manager of the Canadian wheat pools' central selling agency.

The agency has been supporting the market since the fall movement of wheat from Western Canada's farms started and is continuing to give support, Mr. McFarland declared as he broke silence to attack "malicious" gossip resulting from his suggestion selling operations on the Winnipeg Grain Exchange be investigated.

He emphatically denied rumors the Canadian government was dumping its holdings on the market. The rumors had circulated throughout the leading grain exchanges of the world. "I generally prefer to disregard gossip," Mr. McFarland added, "but in this instance and especially at this time when farmers are marketing their wheat, I feel it is no time for silence."

"It should be remembered," said Mr. McFarland, "that the fundamental reason for government purchasing and stabilization operations is to provide a market at the best possible price level. To this end, the government agency has been moving prices ever since the fall movement began, and is continuing such support."

In two days the Winnipeg wheat prices slumped six cents following suggestions for investigation of selling here and at Liverpool, Buenos Aires and Chicago. Such dumping, said Mr. McFarland, was unwarranted, and he added, "it must be bought back some day."

"Let me reiterate," Mr. McFarland said, "that despite recent pressure on the price structure from abroad, the fundamental conditions of the world grain market are unchanged, and before this cereal season is over all our surplus will be required for food and for seed."

Mr. McFarland pointed out 95,000,000 bushels of the Western Canadian wheat crop had been marketed to date. "This is very close to one-half of the crop," he said, "and a very large percentage of the remainder has been damaged by frost, rain or snow and is not in fit condition to thresh. The great bulk of the wheat remaining on farms, therefore, is low grade milling wheat or in the 'feed' class."

## Window Washer Fights Hawk

Wins Battle With Huge Bird High In Air

Chicago.—A man and a hawk fought a brief, bitter battle 624 dizzying feet above the world's fair, and the man was the victor.

As William Weber piled his trade as window washer on the west tower of the fair's skyline, a large chiseled hawk attacked him with beak, talons and powerful wings. Only his safety belt prevented Weber from plunging to sudden death. Weber fought back with all his tools and swinging fists until a well-directed blow sent the marauder soaring away.

## Remembrance Day

Will Be Observed This Year On Sunday, Nov. 11th

Ottawa.—Remembrance Day falling this year on Sunday (Nov. 11) will be celebrated on that day so far as the department of secretary of state is concerned. In the case of statutory holidays falling on Sunday the provision is made that the following Monday will be observed for business purposes. Remembrance Day does not fall into that category.

Any departure from the provisions in order to provide business holiday on the following Monday will be a matter for local ruling.

### Cattle Market

Winnipeg.—About 2,000 head of under-fed cattle from the drought areas of Manitoba and Saskatchewan have been marketed through Winnipeg abattoirs since the first loads arrived September 21, according to a checkup at local packing plants.

### Salary Cut Restored

New Westminster, B.C.—A nine per cent. cut in the salaries of New Westminster public and high school teachers, effective since January 1, 1933, has been ordered restored by an arbitration board. The award is retroactive.

W. N. U. 2087

## War And Peace

Labor Party In Britain Emancipates Their Policy

Southport, England.—In the event of war involving Britain, or immediate threat of war, the Labor party will call a special convention to determine Labor's attitude.

The annual conference of the party reached this conclusion after rejecting a proposal advanced by pacifists that Labor should be bound to call a general strike if war threatened.

Earlier the moderates convincingly showed their supremacy over the extremists within the party, when a series of amendments to the draft platform, which would have called for immediate radical socialist steps by any future Labor government, were rejected on a card vote of 2,146-000 to 206,000.

On the war and peace resolutions, Arthur Henderson, general secretary of the party and president of the world disarmament conference, explained that "never will Labor agree that Britain herself should resort to war or to help any other nation commit that crime."

"If any government should ever seek to involve Britain in war," he added, "it would be opposed by the whole Labor government."

The party approved a resolution expressing deep satisfaction at the entry of Russia to the League of Nations, Mr. Henderson declaring the entry was motivated by a desire to maintain peace.

## New Farm Station

Will Locate Experimental Farm In Melfort Area

Ottawa.—The government has decided to develop an experimental farm in the constituency of Melfort, Sask., it was stated at the department of agriculture. The farm will comprise 640 acres.

The farm will be located in clay-bush country, and will be planned to assist farmers in such districts of the prairies. The other experimental farms in Saskatchewan look after the needs of men people farming on the open prairies, but it is said there are no experimental farms in the province dealing with conditions met with in the clay-bush area.

Land has already been acquired for the farm and buildings are now being erected. It will be in operation next year. Livestock and forage-crop production will be to the fore in the experimental work conducted there and on farms in other parts of Saskatchewan dealt more largely with the problems of the grain grower.

Located in an old settled district which has not hitherto had the benefit of an experimental farm, the project is expected to be of assistance to farmers working under conditions such as prevail in the Carrot River valley.

## Asks Definite Announcement

Australia Wants To Know Britain's Objectives Regarding Agriculture

Bradford, England.—The suggestion the British government suddenly definitely announce its objectives in regard to British agriculture—and the part that imports from the Dominions is to finally take—was made by Stanley Bruce, Australia's high commissioner in London. Mr. Bruce was making his annual address to members of the Bradford Textile Society.

He suggested that in the interests of the mother country herself some guiding principles should be laid down, making it possible to formulate a concrete policy of inter-imperial cooperation for the promotion of reciprocal trade.

The British government's campaign to stimulate domestic agriculture has already had important repercussions on exports from the Dominions, "standstill" agreements having been made regarding meat, and cattle exports, while a similar agreement for eggs is under discussion.

## May Lower Interest

Farmers May Profit By Reduction To Farm Loan Board

Ottawa.—First mortgage money may be available to Canadian farm loan board borrowers at as low as 5½ per cent. as a result of an order-in-council secured by Hon. E. N. Rhodes, minister of finance, and made public. Under this order the federal treasury is empowered to lend money to the board at four per cent. interest where a rate of five per cent. formerly was charged.

The order-in-council will permit the minister of finance to purchase four per cent. bonds of the Canadian farm loan board up to a maximum of \$10,000,000, in instalments of \$100,000.

## Accepts New Appointment

McGill Professor Joins Staff Of University Of London

Montreal.—Prof. F. Clarke, for the past five years professor of education at McGill University, has accepted an appointment to the staff of the institute of education in the University of London. It was confirmed here. He will act as adviser to overseas students, and will leave for his new post toward the end of January. Dr. H. D. Southam, formerly of the British Columbia normal school in Vancouver, has been appointed assistant professor of education at McGill.

## EVIDENCE SHOWS TRADE IN BRITAIN HAS IMPROVED

London.—Chancellor of the Exchequer Neville Chamberlain laid before a gathering of London bankers evidence that Great Britain's trade has improved and assured them the independence of sterling would be maintained.

"I will say for the twentieth time," he said at the annual dinner of the bankers of the city of London, "that the exchange equalization account was founded for the purpose of ironing out excessive fluctuations in the value of our currencies."

The chancellor said he had frequently declared the policy of His Majesty's government in this connection "without, I am afraid, succeeding always in convincing the people across the seas."

Montagu Norman, governor of the Bank of England, who also addressed the bankers, spoke in favor of central banks, especially the Bank for International Settlements of which he said he was "from the beginning and am to-day a faithful supporter and in which I continue to be a great believer."

In his address Mr. Norman said he considered the establishment of central banks in the dominions was one of the great steps forward in these difficult times.

The Bank for International Settlements, he said, "was indeed a vision and you will see if you hear patiently with the difficulties which it suffered from the moment it started, that the vision will come true."

"Its concern is to bring about the co-operation of central banks and so cause could be altruistic and more in the interests of all of you who are in other businesses than that international object."

The chancellor also referred appreciatively to steps taken during recent years to establish central banks within the British Empire. This tended to promote common imperial objects and a unified monetary policy, he said.

Despite the general optimistic outlook mirrored by the fact that British exports have jumped approximately \$100,000,000 during the first eight months of this year, Mr. Chamberlain said difficulties in the way of international trade seem to be increasing.

"Unfortunately it is impossible for any one government to reopen the channels of international trade of its own volition or to influence the policies of other countries which are subjected to their own internal exigencies," he said.

## HEADS NEW BOARD

Dr. G. H. Barton, Chairman of the newly appointed Dominion Marketing Board, who is also Deputy Minister of the Dominion Department of Agriculture, The first duty of the board will be to investigate methods by which Canada's export of apples may be increased.

## Plane Crash Kills Seven

Machine Bound For Paris Falls Into English Channel

Folkestone, Eng.—An aeroplane with seven occupants crashed into the misty English channel three miles from shore on a projected flight to Le Bourget airfield, France, killing all of them. Two of the passengers were women.

The cause of the crash probably will remain a mystery since no one witnessed it, although the captain of the German cargo steamer Leander heard the roar of the aeroplane's engines, followed shortly by the crash as the plane plunged into the sea.

The cross-channel steamer Biarritz was near the scene at the time. It picked up five bodies and brought them to Folkestone. There was a heavy rain at the time of the crash.

It was learned a plane, without giving its identity or other particulars, flashed an S.O.S. to Croydon aerodrome some time before the wreckage was found. The machine belonged to a British flying company known as Hillman's Airways, and had left an aerodrome near Romford, in Essex, northeast of London, for Paris.

## May Get Nobel Prize

Sir Norman Angell Likely To Receive Peace Award

New York.—An Oslo cable to the New York Times quotes President M. Olden, of the Norwegian Peace Society, as declaring the 1934 Nobel peace prize probably will go to Sir Norman Angell.

Sir Norman Angell, economist, author and former member of the British parliament, has written several books on international topics, many of them dealing directly with questions of peace and war.

## Hearing Claim Case

Ottawa.—The hearing into Alberta's claim for compensation in respect of the province's natural resources during their administration by the Dominion government, has opened.

The royal commission appointed to adjudicate on the claim comprises Justice A. K. Dyar, Judge T. M. Tweedie, of Calgary, and G. C. MacDonald, of Montreal.

## BICYCLE CHAMPIONS SAIL FOR CANADA

This picture was taken when Bicy and Jack Torry left London for Canada to compete in Six-Day Bicycle Races. These two cyclists were among the best amateurs in the British Isles before they turned professional to compete with such men as Torchy Peden in the marathon cycle races which are very popular on this side of the ocean.

## Ontario Schools Plan To Teach Agriculture

Minister Announces Subject Will Be Put On Study Course

Toronto.—Hon. Duncan Marshall, Ontario minister of agriculture, announced plans were being made by the departments of agriculture and education to place agriculture on the public school curriculum. He told the Young Men's Canadian Club in an address that he had reached an understanding with Hon. Dr. L. J. Simpson, minister of education, regarding teaching of scientific agriculture in all public schools.

"If I live for the next two or three years it will be a reality," the minister said. "Agriculture will be dealt with in a scientific way in every public school in Ontario. Some knowledge of the soil will be given to pupils, and they will be made to understand the basic importance of agriculture and what it has to offer those who go to live on the land."

He maintained agriculture had been treated too haphazardly in Ontario schools. When present plans were put into effect agriculture would rank in importance with any subject taught, he said.

## Was World War Pilot

Captain Self With Two Others Killed In Accident

Bishop, Calif.—Three army flyers were killed when an army bomber plane crashed and caught fire in the rugged mountain country eight miles north of the Mammoth ranger station in the Inyo national forest. A fourth member of the crew bailed out.

The dead are: Captain Robert E. Self, 39, commander of the 11th bombardment squadron comprising six of the planes in the flight, of Worcester, Mass. He was a World War pilot.

Second Lieut. Clifford L. Huffman, 25, of Fort Collins, Colo. Private Leroy Hitchcock, 21, Bakersfield, Calif.

Cadet Fay W. Olmsted, Santa Barbara, Calif., bailed out of the plane. He landed near the edge of a cliff and barely escaped sliding over it.

## LOWER TAXATION AND INTEREST RATES EXPECTED

Ottawa.—Forecasts of taxation reductions and lower interest rates to borrowers were contained in addresses the people of Canada by Prime Minister R. B. Bennett, speaking in London, and Minister of Finance E. N. Rhodes speaking in Ottawa, in connection with the \$250,000,000 refunding loan.

"The steady progress that Canada has made in business recovery during the last 18 months—reflected as it already is in expanding revenues—should eventually result in those reductions in taxes which everyone so desires and which your government is striving to achieve by every means within its power," said Mr. Bennett.

The success of the great conversion loan of 1932 when the British government exchanged nearly 100,000,000, with an interest saving of millions of pounds annually, coincided with the beginning of the economic recovery which the mother country enjoyed during the last two years, Mr. Bennett recalled.

The lower interest rates to be paid upon the present issue of bonds was not arbitrarily fixed, Mr. Rhodes stated, but fairly reflected the current rate for money in Dominion security markets.

"Money is accumulating," Mr. Rhodes said, "and good investments are eagerly sought. Interest rates have therefore declined materially and the tendency is downwards. This downward trend is already apparent in the rates paid on bank deposits as well as high grade securities, and will soon permeate our whole financial system with resultant stimulus to expanding economic activity."

"The difference between the 5½ per cent. paid on the maturing bonds and the 3.81 per cent. on the new 15-year bonds of the present fiscal year exceeded those for the same period last year by over \$26,000,000. Mr. Rhodes said, and the prospects were excellent for a surplus in ordinary account in the next Dominion budget. The Canadian National Railways had also shown an improvement in the first eight months of the calendar year by about \$8,000,000.

## MUNITION SALES ARE BRANDED AS WORLD RACKET

Washington.—Manufacture and sale of munitions was branded by Senator Gerald Nye, North Dakota Republican, as the world's greatest "racket," which he declared was leading the world straight toward another war.

"Was and preparation for it," he said in an address, "is in many respects not much more than incorporated murder, with the makers of the machinery of war the incorporators." The chairman of the U.S. senate munitions investigation committee suggested nationalization of munitions manufacture and confiscatory income taxes in time of war as means of preventing war.

"The manufacture and sale of munitions of war is an undifferentiated, unbranded racket—a world racket—none the less obnoxious because of the partnership of governments and officials in it," the senator said.

He said the story of munitions thus far had only been scantily revealed, the completion of the investigation after January would depend on further senate appropriations.

"I cannot undertake to tell all that has been developed by the investigation of the munitions industry to date. But let me recite some of the disclosures which are not to be denied," he said.

"That the munitions industry knows no flag is well revealed by their partnership and working agreements with industries and individuals swearing allegiance under different flags."

## Lower Interest Rates

Banker Believes Rates Will Remain Low For a Number Of Years

Vancouver.—Low interest rates for the debts of Canada, federal, provincial and municipal, are imperative and inevitable in the opinion of Frank A. Roper, president of the Imperial Bank of Canada, who arrived here recently.

"Public debt interest rates are going down at present and I expect them to stay down for a number of years," he said.

"People can't afford to pay the high interest they have in the past," he continued. "The lowering of rates will be reflected in provincial and municipal financing, although they can't expect to get quite as low rates as the Dominion. Of course there is a point beyond which reduction can't go. The general trend will be governed by governmental action."

## Relief Lists Lower

Bright Report On Unemployment Reduction From R.C.

Victoria.—Dropping steadily since March, British Columbia relief registrations included 29,000 persons recently, the lowest of any total in the last two years. E. W. Griffiths, provincial relief administrator, said consolidation of old and new relief lists was also being steadily reduced in provincial areas and 19,000 in municipalities, exclusive of dependents.

This is a reduction of 51,000 unemployed registered for relief in March last, a total that declined steadily to 31,600 in July, and now to 29,000.

## Reception For Prince

Duke Of Gloucester Receives Great Ovation In Australia

Fremantle, Australia.—Australia gave the Duke of Gloucester a rousing reception when the third son of the king and queen arrived here aboard H.M.S. Sussex. An aeroplane circled overhead and the waterway was crowded with pleasure craft.

Huge crowds gave the royal visitor a great ovation as he rode the 13 miles to Perth, where his first public function in Australia was a visit to the war memorial where he deposited a wreath.

## Suggests National Government

Chatham, Ont.—A national government for Canada was urged here by Rev. Charles W. Gordon, Winnipeg author, who writes under the name of Ralph Connor. One group could not solve the country's problems, he told a service club in an address.

## Forbids Ballon Tires

Berlin.—An official restriction forbidding the manufacture of balloon type tires in order to economize the rapidly diminishing rubber supplies of the country has been put into operation. Balloon tires require twice as much rubber as the ordinary tires.

A serious fire raged in the hills west of the main highway between daughter of Mr. and Mrs. M. L. Ful-Natal and Hooser last week end. A ler, to Clifton Douglas Sheane, only slight rainfall during Sunday relieved son of Mrs. E. R. Sawyer, took place anxiety of the people of that district. at Calgary on Saturday last.

## The Season of Remembrance

**YULETIDE**—Christmas and the last days of the year—is a season of remembrance. We remember first that Christmas is the birthday of the Saviour of the world. Then, we remember our friends and all those who make our lives worth the living. In modern times, the Christmas card and New Year greeting card are the commonest and most useful forms of remembrance. They not only express sentiment and affection, but are marks of appreciation for service, patronage and good will in the world of business. It is time now to place your order for CHRISTMAS CARDS.

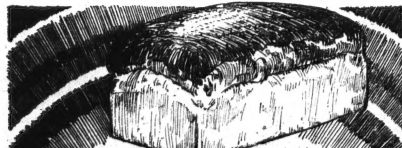

We Have the Best Line of

The Pythians and Pythian Sisters will hold their annual bazaar, sale of home cooking, afternoon tea, etc., in the Lodge hall on Saturday, November the 17th. Keep this date open.

The Kimberley district band has entered the musical festival to be held here on October 25 to 27. Pearson brothers' brass quartette has also entered. Kimberley will be well represented at the festival.

Walter J. Huntingford, editor of the Wainwright Star, has been elected president of the Fraternal Press Association of the Sovereign Grand Lodge of the I.O.O.F. Huntingford was also elected member of the S.G. L. finance committee.

R.C.M. Police announce the recovery of \$3,000 of the \$8,500 stolen from the Hairy Hill branch of the Canadian Bank of Commerce. Hopes are entertained for recovery of the balance. Three men, alleged to have participated in the holdup, are held by police.

First shipments of surplus cattle from the drought areas of the province, purchased by the provincial department of agriculture under the recently announced policy, reached Edmonton stockyards the past week, and are being disposed of. Representatives of the department are now in the areas concerned, handling the purchase and shipment of the cattle.

Father Collins, C.Ss.R., of Calgary, will open a mission in St. Anne's R. C. church on Sunday next, October 14th, and continue until Sunday, October 21st, inclusive, with lectures in Columbus hall every evening at 7.30 and masses in the church as follows: Sundays at 8.30 and 10.30 a.m.; week days at 6 and 8 a.m. Children's mission at 4.30 p.m. daily.

Time was when there were no rabbits in Australia. Then somebody brought in some pairs and now the Australians wish they had never seen a rabbit. It has been estimated recently that rabbits are responsible for losses in Australia amounting to \$150,000,000 per annum. As an asset, the rabbit does not amount to very much, only \$5,000,000 a year being realized from the sale of skins and frozen carcasses. It is estimated that if there were no rabbits, Australia's livestock industry would advance 25 per cent in carrying capacity.

The Drumheller Hockey Club netted over \$500 from a carnival recently held.

New styles in men's hats are now appearing. Some of the crowns are almost as flat as the wearers.

The dance held in Columbus hall on Thanksgiving night was largely attended and a complete success.

The members of Cowpview Rebekah Lodge held a successful whist drive and dance in the Lodge hall last night.

Dr. V. C. Mulvey, well-known Lethbridge dentist, passed away on Tuesday afternoon, following a short illness.

Misses Bessie, Mildred and Nina Passmore were down from Cranbrook to spend the Thanksgiving holiday with their parents.

Twenty years ago last Wednesday, the marriage of Miss Jean Sharp, daughter of Mr. and Mrs. Sharp, to S. J. Chaput, took place at St. Michael's church, Pincher Creek.

A dance will be held in the Landbreck hall on the night of Friday, October the 26th, in aid of the children's Christmas Tree fund. Bob Nelson's New Dayton orchestra.

J. A. Broley, former foreman of the Crows' Nest relief camp, who has been in charge of construction at the Two Brothers' gold mine north of Vanderhoof, B.C., was a visitor to Blaimore this week.

The exterior of the former Blaimore hotel building, now occupied by Dr. Little, Blaimore Pharmacy, E. Neville, Western Canada Wholesale Co., Blaimore B.E.S.L. and George Patterson, is being decorated with paint.

J. D. Skinner, of the Yukon, who recently visited Blaimore, and who has been a very active Oxford Group, is at present visiting his old stamping ground at Rocky Mountain House, where twenty years ago he edited the Rocky Mountain House Echo.

An eight-hour day for nurses, instead of the 12-hour basis in operation in many institutions now, was advocated recently by Dr. R. C. Wallace, president of Alberta University, when addressing the Alberta Hospitals Association and the Alberta Association of Registered Nurses.

A message protesting against the menace of hatlessness in America was received this week at the American Federation of Labor convention in San Francisco from the Cloth, Cap and Hatmakers' Union, New York. The complaint declared the vogue of the citizenry, particularly the collegian, of going bareheaded, was having a demoralizing effect on the hat industry.
